Participants are to meet in the Tower Road Launch parking lot promptly by 6pm. Friends' canoe guides will check you in and fit you for paddles and PFDs. We will launch canoes shortly after a quick safety and paddling techniques demonstration.

Directions: Take I-94 west to Willow Road. Exit going east. Turn left on Forest Way Drive. Turn left on Tower Road (stop sign). After the bridge, the entrance to a big parking lot (and launch) will be on your left. Turn left and enter the parking lot. Park close to the water and look for two large red canoe trailers. We will be meeting there.
